

WAKE IS ONE OF THE FASTEST GROWING COMMUNITIES IN THE NATION

PLANWake is Wake County's process to define priorities for the future, renew our vision and goals, and outline a path to success for the coming decade.

Your thoughts are critical to this process, and **you can help shape the future of Wake County by sharing your opinions through online project surveys.** Make your voice heard now at planwake.org.

More than **1 MILLION** people call Wake home, and the county has been growing more than twice as fast as the state.

Wake County has a growth rate of...

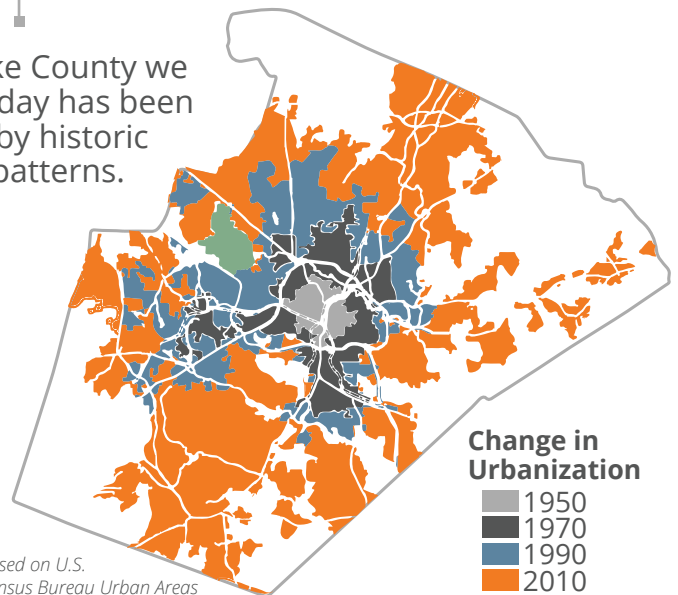

This growth rate results in approximately...

+250K PEOPLE PER DECADE

The Wake County we know today has been shaped by historic growth patterns.

PLANWAKE IS AN OPPORTUNITY TO RENEW OUR VISION

In the 1990s and early 2000s, county and city leaders worked collaboratively to develop a growth management system that allows each jurisdiction to determine how and when it will grow. Just a decade ago, the Wake County Growth Issues Task Force identified three regional areas of focus: education, transit, and a collaborative approach to tackle development and infrastructure challenges. This paved the way for recent advancements, including increases in public education funding, our new Wake Transit Plan and a half-cent sales tax increase to support transit initiatives.

Now is the time to build on this collaborative approach—but we need your help. **Share your thoughts at planwake.org.**
